Perma press is not available on Black bags

For a two colour imprint on front/back colours cannot touch

The image features the 'perma press' logo in the top right corner, with the word 'perma' in a multi-colored font (red, orange, yellow, green) and 'press' in blue. Below the logo is a large, abstract graphic consisting of overlapping, flowing shapes in various colors including red, orange, yellow, green, and blue, creating a sense of movement and depth.

perma press

**Perma Press decoration provides a stunning four-colour process or multi spot colour imprint without the need of a full background. It looks spectacular on a wide array of bags, making for a bold and impactful branding statement. This includes laminated non-woven totes, an exclusive domestic offering usually reserved for large import orders of over 5000 units.**

**With a low 250-unit minimum and a 2 — 3 week production time, Perma Press is an extremely cost-effective decoration method.**

Artwork needs to be provided as a high resolution file (300 dpi or over) in either bitmap or vector format. Please note that Perma Press cannot be applied to black laminated bags. PMS colour match may not be exact. No extra charge for die cut logos. Maximum size of 64 square inches. If you require a Perma Press in an additional location, an additional location running charge (based on quantity) AND a Perma Press running charge (based on size of logo) are both applicable. See website for pricing.

Price:  
MINIMUM 250 PIECES
