

REPREVE®

FOR THE PLANET

REPREVE IS FIBER MADE
FROM 100% RECYCLED CONTENT.
MADE RESPONSIBLY.
TO MAKE A DIFFERENCE.

FOR THIS...

AND THIS...

AND THIS...

AND THIS...

Made with post-consumer waste, like water bottles.
Plus post-industrial waste, so we use fewer natural resources.
But it's more than what we don't take from the planet.
It's what we give back. Find out how at www.repreve.com.

*Originally in Polyester Filament Yarn.
Now in Nylon 6,6 and Polyester Staple Fiber too.*
